

RUBIN & CHERRY CARNIVAL DATE POSTPONED TO SEP- TEMBER 8.

On account of numerous delays caused by the railroad shopmen's strike and to other causes that were beyond their control, the date of the Rubin & Cherry Carnival Co.'s engagement in Paris has been changed to September 8. The Carnival Co. was booked for Paris the week of August 25-30, under the auspices of the Paris Fire Department. A letter was received yesterday from Mr. Wm. Cherry, of Rubin & Cherry Shows, by Fire Chief McGoldrick, advising him of the change of date and the reason therefor.

PAINFUL ACCIDENT.

Miss Sue Johnson, assistant in the dental office of Daily & McMillan, met with a painful accident yesterday afternoon, which will cause her serious inconvenience for some time. Medical assistance was summoned and Miss Johnson was given first aid treatment. She was taken to a Lexington hospital for more extended treatment late yesterday afternoon.

BOURBON FARMING CONDITIONS

"The crop situation in this county is both good and bad," to use the words of a well-posted farmer, who doesn't object to giving the newspapers a little information occasionally. According to this informant two-thirds of the county will turn out excellent crops of corn and tobacco, while, it is stated, as an opposite side of the picture, that within a radius of five to seven miles of Paris in all directions, the crops have suffered badly from the effects of the drouth, and it is feared they will be cut very short.

Cutting of tobacco is in progress where it has been seasonable to thus handle the crop, while in the districts affected by the drouth a large part of the tobacco has not made a good start.

Rain is badly needed to make fall grass in the dry zone, while grazing is good in the more favored sections of the county, and the cattle are having good feeding on a wealth of matured grass. Baling of hay and straw is in progress throughout the county, while the threshermen are rounding out the season putting wheat in the shock.

Country produce is coming in in ample supply, but vegetables, owing to the drouth prevailing around Paris, are getting very scarce. Dealers are paying farmers the following prices for produce: Eggs, 38 cents per dozen; butter very scarce and quoted at 50 cents per pound; spring fryers, 50 cents per pound; country hams, 50 cents per pound; country bacon, 35 cents per pound; cream 50 cents per pound.

Livestock shipments have been held in abeyance on account of the embargo resulting from the railroad strike. It is believed, however, that the worst phase of the situation will be passed to-day, and that the embargo will be lifted, so that delayed shipments of livestock will begin to move forward. Many cattle have been sold for conditional delivery on this account.

INTERESTING ROMANCE IN CONNECTION WITH BROKEN WILL.

In connection with filing of the will of the late Mrs. Fannie P. Jones, of Lexington, a former resident of Millersburg, an interesting story has developed, in which her uncle, the late Dr. Jack Hitt, also of Millersburg, was the central figure. Mrs. Jones inherited a portion of her uncle's estate, and in her will directed the sale of four houses and all her personal effects, the entire proceeds to be used for the purchase of three burial lots, and for a monument to be erected in the Lexington Cemetery, besides making a number of bequests, which are to be carried out. The romance connected with her uncle follows:

Mrs. Jones was a niece of Dr. J. A. Hitt, one of the best-known residents of Bourbon county. He was born in Millersburg and lived there all his life. Dr. Hitt was a "globetrotter," and in his time had visited nearly all portions of the inhabited globe. One of his peculiarities was never to tell when he was to start on a trip, and frequently he would visit Paris, intending to return to Millersburg within a few hours, but when next heard from would be in Italy or some other part of Europe.

Dr. Hitt, when a boy, was in love with a young girl of his neighborhood by the name of Miss Bettie Frank Vimont. His affection was evidently not reciprocated, for they were never married, but to the very last Dr. Hitt retained a very warm affection for her, and by the terms of his last will and testament bequeathed all of his property to her for and during her natural life, directing that at Miss Vimont's death the entire fortune should be invested in a family monument to be erected on the burial lot in the Millersburg Cemetery. The cemetery company was left the sum of \$1,000, the income from which was to be used to keep the lot in proper order. Mr. John W. Boulden, the well-known Maysville banker, then a resident of Millersburg, was named as executor of the estate, and Judge Harmon Stitt, lately of Paris, was Mr. Boulden's attorney.

Miss Vimont, however, refused to accept the property. Nevertheless, the will was admitted to probate and a form of contest had to be instituted. This was done and an agreed order was then entered, setting the will aside, but allowing the cemetery company to retain the \$1,000, a suitable sum set aside for the monument and the residue distributed among Dr. Hitt's nephews and nieces. The portion inherited by Mrs. Jones is now, under her will, to be used in the purchase and erection of a monument on her lot in the Lexington Cemetery.

THIS PARIS MARE HAS GRUDGE AGAINST "FORDS."

Ora Speakes, of this city, has an old mare which has been in the possession of his family for over twelve years. She has always been noted for her gentle disposition, and has been driven with perfect confidence by the women members of his family, and his children.

A short time ago while driving down Main street the animal was struck by a Ford flivver, and was badly bruised. She was not out again for several days, until her wounds had healed. Saturday, Mr. Speakes hitched the mare to the family carriage and went out for a drive. Automobiles of every description were passed on the road unnoticed by the horse. But as soon as a Ford appeared the animal reared on her hind legs and snorted. The same thing happened each time a Ford machine passed. As the flivvers outnumber other cars in Paris ten to one, Mr. Speakes is getting dubious about trusting his heretofore faithful and reliable mare.

COUNTY RECEIVES NEW OIL SPREADER FOR ROADS.

The new five-ton McKinney oil spreader recently purchased by the county for use on the county pikes, was received Friday and unloaded from the L. & N. siding at Second street. The machine is one of the best of its kind, and is capable of spreading large quantities of oil in a short time. It is so arranged that the oil can be mixed with fine sand and run through the machine at the same time, thus insuring a compact firm surface, and helping to retain the oil more closely on the surface of the pike. The big machine slightly resembles one of the new U. S. engines in use on the L. & N.

DOMINGO'S FILIPINO SERENADERS AT GRAND OPERA HOUSE.

Domingo's Filipino Serenaders, direct from Manila, and their first American tour, will be the attraction at the Paris Grand, two days, commencing Monday, August 18, presenting the big musical South Sea Island Fantasy, "A Night in the Philippines," with all special scenery and electrical effects. This is the first American tour for this high class attraction and they come direct from Manila, the Philippine Islands. This will probably be your only chance to see this novel attraction, for after their tour of this country they go back to Manila for a long engagement there.

Since their tour started in this country about six months ago, at Washington, D. C., it has been the biggest success that has ever been placed on the road, playing only the largest cities. This is positively the only company of Filipinos touring this country and another big feature is Minda, Filipino and Hawaiian dancers.

A FREE DEMONSTRATION.

A representative of the Standard Oil Company, who is an expert in the lubrication of automobiles, will give a free demonstration at our garage on August 14, 15 and 16. You are cordially invited to call and have the expert show you how your car is lubricated. The crank case and oiling system of your car will be thoroughly washed and filled with the correct grade of GARGOYLE MOBILOIL—a grade for each type of motor. We charge you only for the new oil—the service is free.

We want you to experience the benefits of correct lubrication. It will save you each season many dollars in gasoline, reduce your repair bills to a minimum and add to the pleasure of motoring.

Yours truly,
(8-21) C. S. BALL GARAGE.

NARROW ESCAPE FROM DEATH.

Lyt. Lawrence is confined to his home in this city with a broken arm and numerous cuts and bruises about the body as the result of an accident which occurred at the city rock quarry Friday.

Lawrence was working near the motor, which operates the big rock crusher when the drive belt slipped off, catching him and drawing him into the machine. The machine was stopped in time to prevent him from being drawn into the crusher, which would have meant instant death. His arm was broken in two places. His escape from death was a miraculous one.
